Ride-on sweeper

Nilfisk SR 1000S

# Small size

- great result!

A compact, superbly manoeuvrable, highly productive sweeper for either indoor or outdoor use

The remote vacuum option allows the operator to pick up light debris that lies in corners, on shelves or between stacked pallets. A telescopic wand is included for high reach vacuuming.

#### WHY WALK ?

Sweeping needs to be done as quickly, as discreetly, and as efficiently as possible. Whether cleaning a workshop or warehouse floor, or sweeping a shopping mall or hotel parking lot, the job should be finished quickly and thoroughly.

The Nilfisk-Advance SR 1000S works fast, is small enough to fit into an elevator, manoeuvrable enough to reach the tight corners, comes in either a battery or petrol version for indoor or outdoor work and is durable to withstand tough working conditions. What is more, with its amazing productivity the SR 1000S can cost less than manual or walk-behind sweeping.

# A sweeping victory

- Amazing manoeuvrability allows cleaning even in congested areas
- SR 1000S also cleans carpeted areas, using the optional carpet kit
- Improved dust control, better ramp climbing ability - up to 16% - and other top performance features
- High durability thanks to the polyethylene material
- Either battery or petrol driven versions for indoor or outdoor use
- Top safety features include emergency stop button, hood intralock switch and safety seat switch

The steering column adjusts for easy access to the machine and for maximum operator comfort.

The filter and brushes can be accessed quickly and easily without tools for service and replacement.

A key option is the special carpet kit. This includes natural fibre main and side brushes, non-marking flaps and a pre-filter grid to catch the carpet fibres.
